

Who is the conference aimed at?

- Do you have **organisational responsibility** for developing water safety management plans, risk assessments and policy?
- Do you have responsibility for **managing a group of young people around the water margins**, whether a school teacher on a trip to the local beach or an expedition leader taking children abroad on a water activity trip?
- If you manage groups around water, do you **want to learn** about Best Practice, Contemporary Risk Management and Training?

If the answer is **YES** to any of the above, this conference is for you!
